- Blood Pressure Cuff connect directly to Window Based Computer.
- WiFi access for emailing results.
- Environmentally-friendly.
- Cost effective and efficient.

HealthGuard's Blood Pressure Cuff adjusts to the size of the arm, the same way as cuffs used by medical professionals to accurately measure blood pressure and pulse rate

Unique Blood Pressure Cuff Features

- 1) Half-Moon-open top style Blood Pressure Cuff designed to fit any arm size which is different from the rigid all round BP cuff from other manufacturers.
- 2) BP Cuff adjust to the arm similar to cuffs used by medical professionals.
- 3) Near-Infra Red Body Fat measurement, sensor integrated into the BP cuff allowing segmentation of body fat into Essential, Reserve and Excess Fat. Excess fat is linked to health risks.

Value Proposition

- 1) Advanced Health Kiosk Software with multiple languages options;
- 2) Health Kiosk Customization to Client's logo;
- 3) Saves Time-fast measurement of vital health information;
- 4) Innovative health service delivery optimization.
